Hello all ^^
You can probably guess by now that we were debating a lot about how to call the magician Ethermask, Eldermask, Edermask >_<

But... we finally settled on **Edermask** and we will call him that from now on

Also Magician, unlike the other webtoons, is divided in episodes/volumes.

So Episode/volume 1 is until chapter 9. In episode 2 the creator starts the chapters from 1 again but we will keep the chapter naming consistent for better organising purposes.

I hope you enjoy reading Magician as much as we do :)

See you at the next chapter ~

Korean Honorifics Lesson!

Nim - A formal way of addressing someone typically older and/or more respected than you

Ssi - A formal way of addressing someone you do not know or are unfamiliar with

Nuna - A friendly way of addressing an older woman near your age if you're a guy

Hyung - A friendly way of addressing an older man near your age if you're a guy

Unni - A friendly way of addressing an older woman near your age if you're a girl

Oppa - A friendly way of addressing an older man near your age if you're a girl. Oppa is also used (though not synonymously) by girls addressing their boyfriends

Ajumma - Older woman typically aged between mid/late 30's – early 50s. Calling someone younger than mid 30's this is rather offensive

Ajussi - Older man typically aged between mid/late 30's – early 50s. Korean men especially those in their 30s prefer to be called hyung/oppa by those younger than him rather than Ajusshi

Sunbae - Is used to address senior colleagues or mentor figures e.g. students referring to or addressing more senior students in schools

Hubae - Is used to refer to juniors. However, the term is not normally addressed to them directly, and is mainly used in the third person.
This is nearly identical in Japanese with Senpai/Kohai honorifics

Naeuri - Was used by commoners in the Joseon Dynasty to refer to people of higher status but below "His Excellency"

Seonsaeng - Commonly translated as 'teacher" has much more formality and is used to show respect to the addressee. It is related to the Japanese honorific, "sensei" and shares the same pair of Chinese characters, representing 'mister' or 'one born earlier' (literal)

It's about time you learn them!

.....

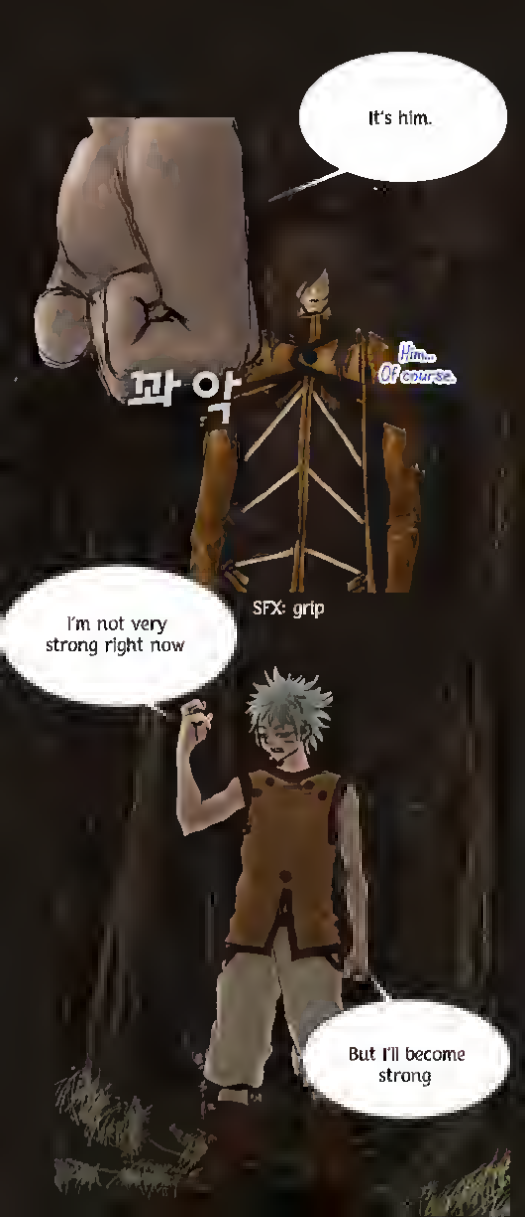
I already gave him my answer.
The rest is up to him.

You want to come with me?

The reason of course is...



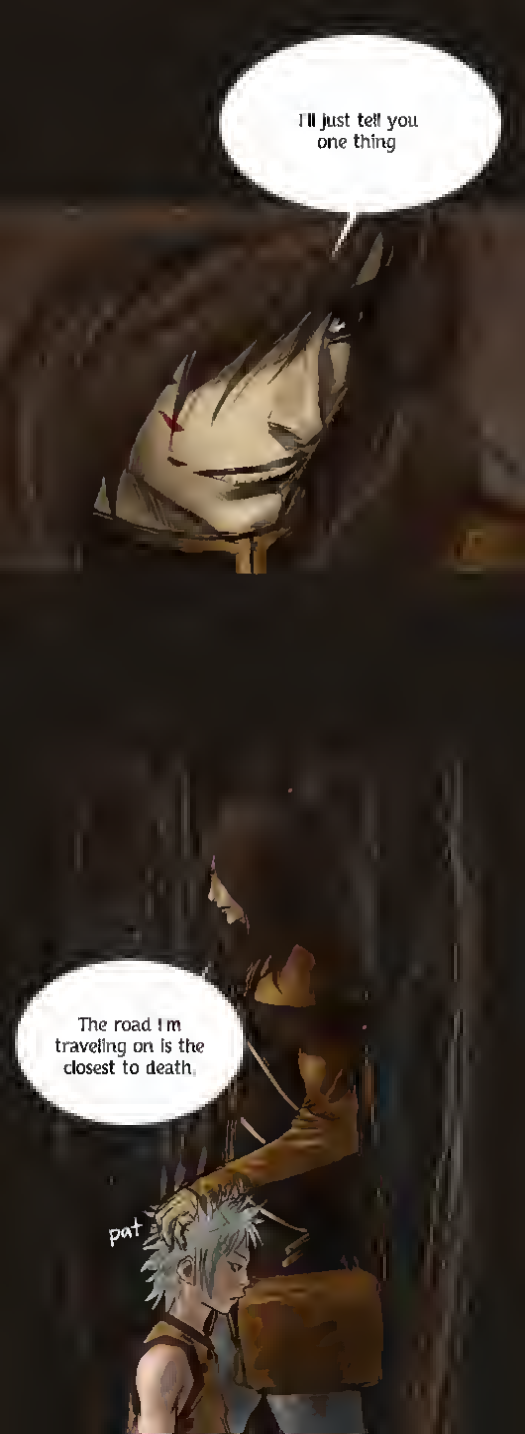
It's him.
꽈 악
Him... Of course.
SFX: grip
I'm not very strong right now
But I'll become strong

But that takes a long time. And I don't even know if I will see him again
But you seem to be connected to him, so I know I'll see him again if I travel with you.
Plus you're very strong, so I can learn a lot from you
I need to go with you

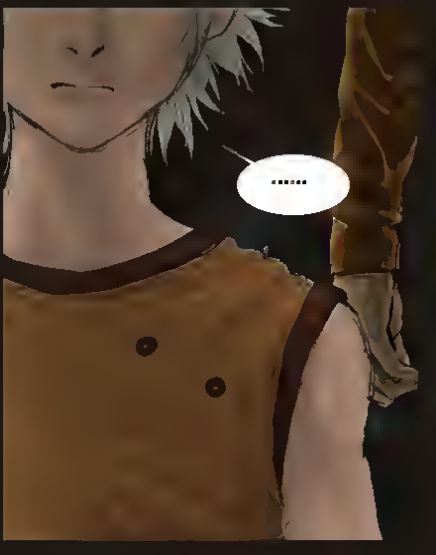
So I'm going with you no matter what
He's already made up his mind?
비죽
SFX: smirk

Well...
As long as you're not in the way... It won't be a boring journey...
슥

SFX: step



I'll just tell you one thing
The road I'm traveling on is the closest to death.
pat

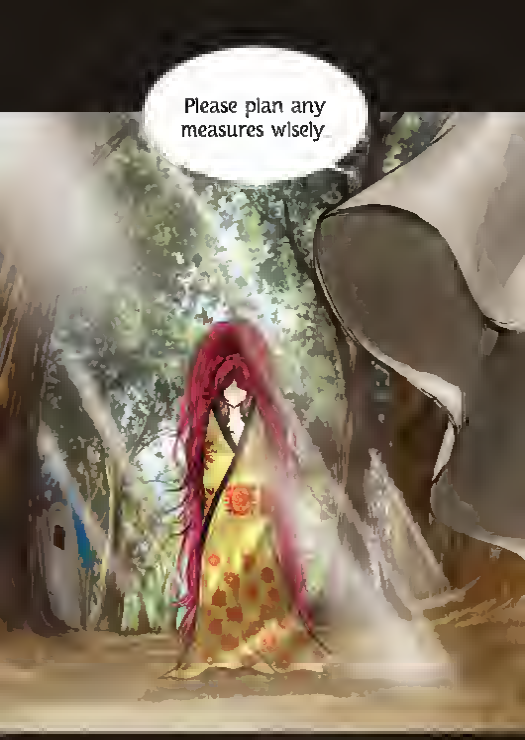


I've outstayed my welcome
I'm sorry we couldn't help.

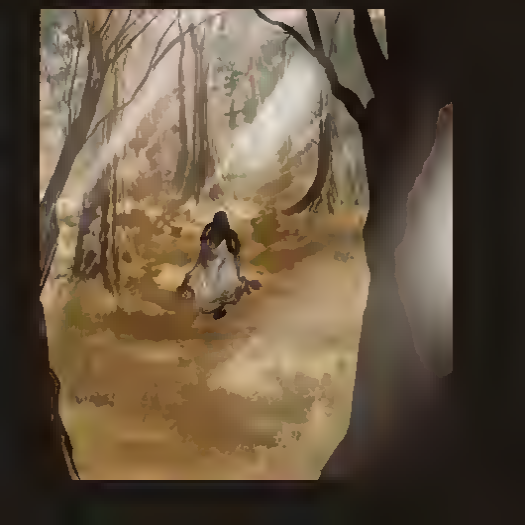
I will be going now.

Oh...

That man is not one to be trifled with

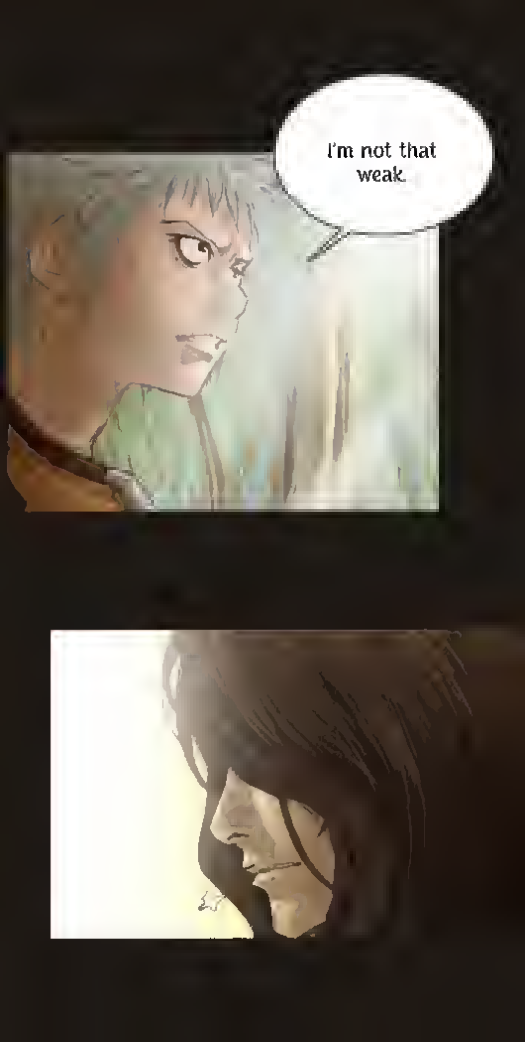


Please plan any measures wisely



SFX: step step

If you become a burden I'll leave you behind.



I'm not that weak.

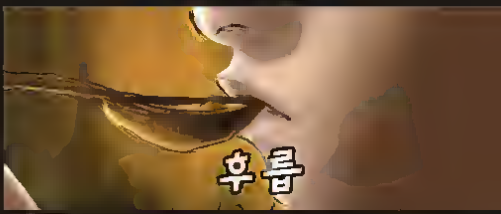
Episode 3- Tracker (01)

If you're going to eat it anyway, stop sulking and just eat it
Okay?
O... Okay.

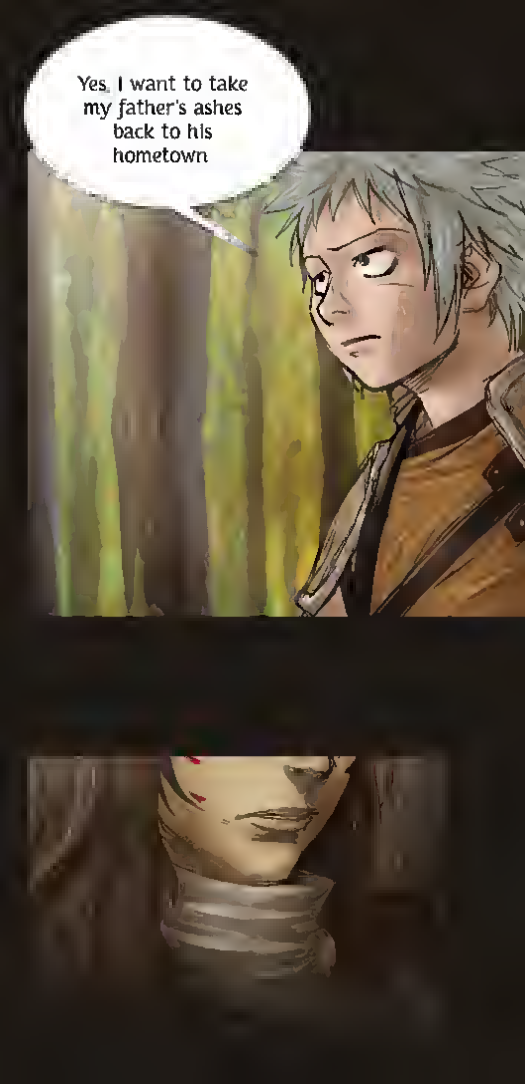


SFX: sip

Your food just came out of your nose.
Lwww
HEY! IREMI!!

First you tell me to eat it. Then you make me spill it all!
That's why you shouldn't sulk!

Do you know where you want to go?



Yes, I want to take my father's ashes back to his hometown

It will be a long journey...

Zzzzzz~
Mmm..

What's your real name, Ajussi?

.....
Edermask can't be your real name. It doesn't have a good meaning. I don't want to keep calling you like that now that I know...
SFX: bzzz

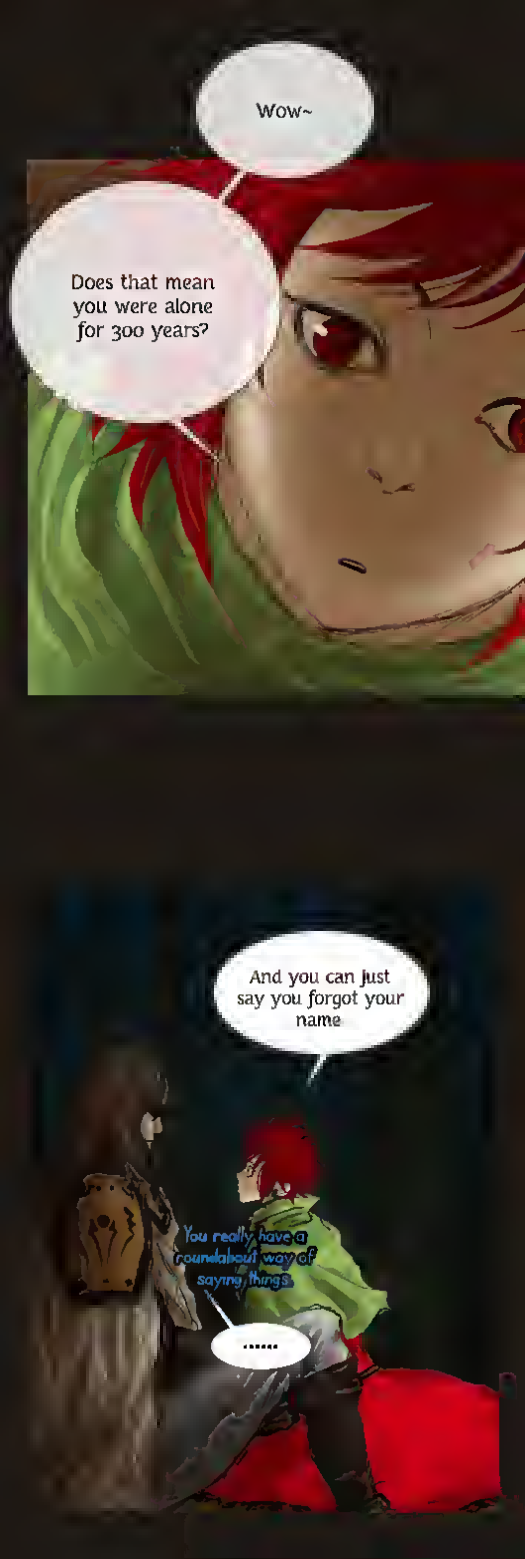
SFX: crack crackle

My name...
Mmm...
Iremi... hehe... Don't be shy... mmm
That's cute Ehehe
뒤척
SFX: shuffle

SFX: struggle struggle
SFX. Whaaa!

I've been called Edermask for over 300 years.
Before that I definitely had another name. I was called something else.
SFX: drop
But they couldn't live as long as I did.

The people who once called on me are all gone now...
My name was lost with them.



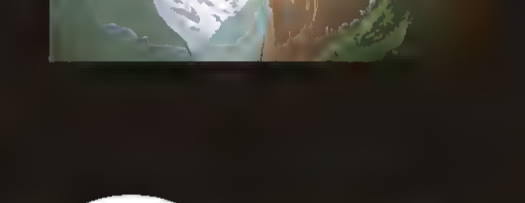
Wow~
Does that mean you were alone for 300 years?
And you can just say you forgot your name
You really have a roundabout way of saying things.
.....

The name is not what is important

A word that represents who I am is good enough
So you ARE a bad guy.
There you go again with the long speeches
You, since when...

chehe...
We should go to sleep.
SFX: pat
툭

We'll have to walk a lot tomorrow.



. . . . .
